

**It's time to wash  
my hair!**

smelly

**Hair can get smelly  
and itchy if we don't  
wash it.**

**Washing my hair will  
keep me clean! Just  
like we wash our  
hands and body.**

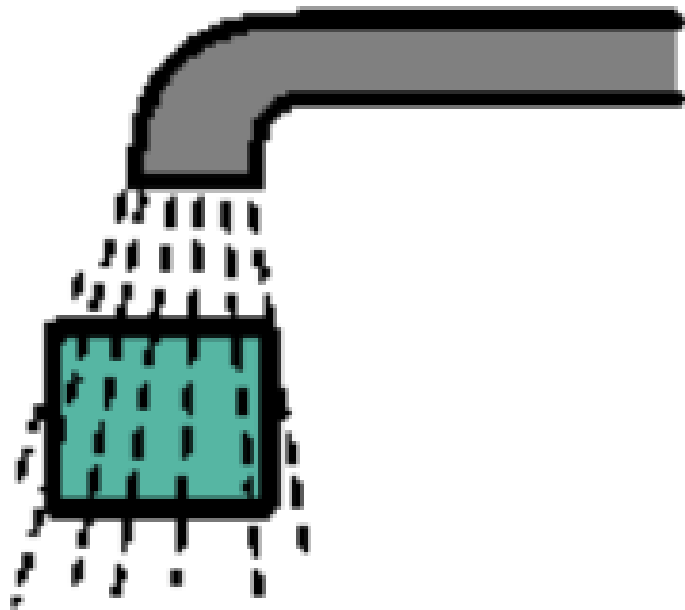

**First, I will turn the  
water on and get my  
hair wet**

**Then, I will rub shampoo  
in my hair to clean it. I  
can close my eyes so  
soap does not get in  
them.**

rinse

**I will rinse my hair  
to get the shampoo  
out.**

**Sometimes water  
might get on my  
face, but it does not  
hurt me!**

**I can use a towel to  
wipe my eyes and  
face to dry the water  
off.**

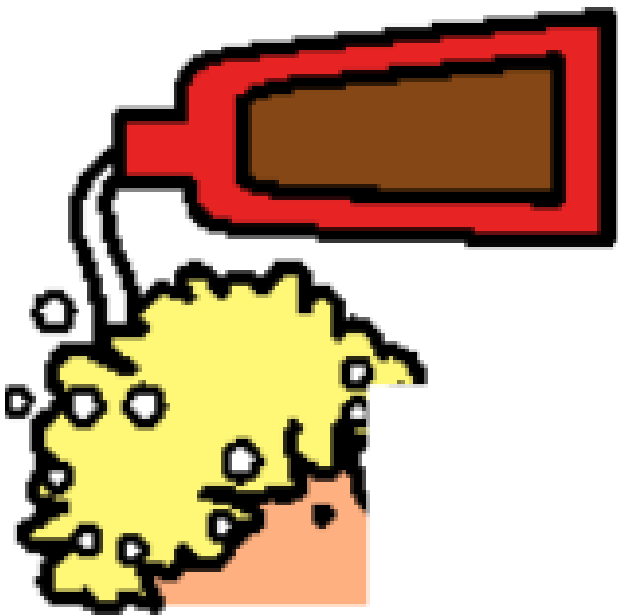

**Finally I will dry my  
hair with a towel and  
brush it.**

shampoo

**Washing my hair  
with shampoo will  
help me be clean!**
